What is a Spirit Prepaid Reloadable Visa Primary Card? [\[Back to top\]](#)

The Spirit Prepaid Reloadable Visa Primary Card is a card that you load with your own funds over and over again to make purchases at stores and online. You can use the Card to make purchases anywhere Visa is accepted, and take cash out of any automated teller machines (ATMs) displaying the Visa symbol. The Card can be serviced at any participating Co-op or subsidiary location.

How do I get a Spirit Prepaid Reloadable Visa Primary Card? [\[Back to top\]](#)

To get a Card, visit any participating Co-op or subsidiary location. For Primary Cards, you must be 16 years of age or older, and be able to provide current government issued identification, that bears a recent photograph and signature for fraud prevention purposes. There is no credit check or bank account required for setup.

How does a Spirit Prepaid Reloadable Visa Primary Card differ from a Spirit Prepaid Reloadable Visa Companion Card? [\[back to top\]](#)

1. Primary:

The Primary Cardholder is able to load, reload, spend and transfer funds as indicated in the [Cardholder Agreement](#).

The Spirit Prepaid Reloadable Visa Primary Card is issued to individuals 16 or older, with current government issued identification that bears a recent photograph, signature, and date of birth. The person requesting the Primary Card must register in-person at a participating Co-op or subsidiary location.

2. Companion:

The Companion Card cannot load, reload, or transfer funds to anyone. It is used only for spending by the Companion Cardholder. The Companion Card must be reloaded by a Primary Cardholder. The maximum amount transferred by any combination of Primary Cards to a single Companion Card must adhere to the Cardholder Agreement. Be sure to check that the Companion Card has capacity to accept funds prior to the transfer.

The Spirit Prepaid Reloadable Visa Companion Card can only be requested by a Primary Account Holder that wishes to add, and be responsible for, a Companion Card (for example, you would obtain a Companion Card for close family such as a spouse, child, or other relative).

Note: an individual can only have a maximum of two Spirit Cards registered and active under their name (one Primary Card and one Companion Card, OR two Companion Cards). Please read the detailed [Cardholder Agreement](#) to understand what fees and transfer limits apply. You may also refer to the [Spirit Prepaid Reloadable Visa Companion Card FAQ](#).

What personal information do I need to provide to get a Primary Card and why? [\[Back to top\]](#)

In order to receive a Spirit Prepaid Reloadable Visa Primary Card, you will be asked to show identification to validate your identity. You will need to provide a current government issued identification that bears a recent photograph, signature, and date of birth, along with providing your telephone number and address. This information will help to verify you on additional transactions or requests you may have. For instance, information such as transaction history, Card balances, or actions such as issuing replacement Cards can only be performed once you have been verified.

Is my Spirit Prepaid Reloadable Visa Primary Card a credit card? [\[Back to top\]](#)

No, it is not a credit card and it is not reported to the credit rating agencies, as you may only spend the funds you have loaded on the Card. Similar to how a debit card deducts funds from a bank account, each time you use the Spirit Card, the purchase amount is deducted from your available Card balance. If you want to continue using the Card, you need to load more funds on the Card.

Can I get a Spirit Prepaid Reloadable Visa Companion Card? [\[Back to top\]](#)

Are there limits to how much I can share with a Companion Card via a Card to Card Transfer? [\[Back to top\]](#)

Primary Cardholders may transfer up to a maximum of \$1,000 per transaction, for a maximum of \$5,000 per 24 hour period. The maximum transfer in seven days is \$10,000. Your Card is prepaid, meaning it will only authorize when enough funds are on the Card to cover the purchase. However, the Card may go into a negative balance due to some merchant transactions, so it is the responsibility of the Cardholder to ensure there are always enough funds on the card for purchases. In most cases if there are not enough funds on your Card, it will be declined.

How can I use my Spirit Prepaid Reloadable Visa Primary Card to share funds with my friends and family?

[\[Back to top\]](#)

There are two great ways to share funds with friends and family.

1. Buy a Companion Card under your Primary Card account to give to an individual you wish to share funds with.
 - The Primary Cardholder must be present with their Primary Card and be verified at a participating Co-op or subsidiary location. Upon requesting a Companion Card, you must provide information on the person who will use the Companion Card. You will need to provide their name, date of birth, phone number, and address just like you did for the Primary Card.

- This is a great option for a spouse, child or someone else living with or very close to you because you will share Card limits.
 - The Primary Cardholder controls Card loads and how much is transferred to the Companion Card(s). The Companion Cardholders may only spend as desired. The transaction history of Companion Cards is visible to both the Companion Cardholder and the Primary account holder.
2. Each person buys their own Primary Card and uses their online account or Cardholders Services to do Card to Card Transfers to send money to each others Cards.
- This is a great option for family members or friends who might be traveling, or for people who do not want to share transaction information. Primary Cardholders do not share limits, Card loads, or the same balance and do not share online account details.

For further details regarding Primary and Companion Cards, please view the [Cardholder Agreement](#) and the [Spirit Prepaid Reloadable Visa Companion Card FAQ](#)

How many Companion Cards can I have linked under my Primary account? [\[Back to top\]](#)

A Primary Cardholder may have up to two Companion Cards linked to their Primary account.

What if I loaded funds to my Spirit Visa Primary Card but I do not see them on my balance yet? [\[Back to top\]](#)

Check your online account, ask your participating Co-op or subsidiary location or call Cardholder Services to ensure your Card is in active status and that you have not reached the maximum balance of the Card. If you have a load receipt and the funds are still not on your Card talk to your participating Co-op or subsidiary location or call Cardholder Services at 1-844-893-6622.

What if my Companion Cardholder does not see the funds I transferred on their balance yet? [\[Back to top\]](#)

Check your online account, ask your participating Co-op or subsidiary location or call Cardholder Services to ensure their Card is in active status and that they have not reached the maximum balance of the Card. If the Primary Cardholder has a record of the transfer, but the funds are no longer in the Primary Account and not yet showing in the Companion Account, the Primary Cardholder will need to talk to your participating Co-op or subsidiary location or Call Cardholder Services at 1-844-893-6622.

How do I make a purchase for more than the available balance on my Spirit Prepaid Reloadable Visa Primary Card (split purchase)? [\[Back to top\]](#)

You must tell the sales clerk you want to make a split purchase before you try and pay. Tell the sales clerk exactly how much to charge to your Card; it must not be more than your balance. Then pay the rest in cash or another payment method. Some stores will not let you do this.

Can I use my Spirit Prepaid Reloadable Visa Primary Card for recurring billing? [\[Back to top\]](#)

Yes, your Card can be used for recurring billings or for pre-authorized payments.

Can I use my Spirit Prepaid Reloadable Visa Primary Card to pay at the pump at gas stations? [\[Back to top\]](#)

No, you must take your Card inside to the gas station cashier to pay.

What happens if I need to return an item I purchased using my Spirit Prepaid Reloadable Visa Primary Card? [\[Back to top\]](#)

Each merchant has its own return policy and will handle returns in the same way as any other Visa transaction. They may credit your Card, provide a cash refund, or a store credit. If a credit is issued to your Card, the credit may not be added to the available balance for up to seven business days.

What do I do if my Spirit Prepaid Reloadable Visa Primary Card was declined? [\[Back to top\]](#)

If a purchase has been declined, it is likely because the available balance on the Card was less than the purchase amount. Merchants do not have access to your Card balance and cannot automatically deduct the available balance for a purchase, so it is important that you inform the merchant of the balance on your Card

and if it is less than the amount of your purchase, you pay for the remainder of the bill with cash or debit. If you know you have enough funds on your Card and your purchase was still declined, call Cardholder Services at 1-844-893-6622.

Also, some merchants such as restaurants, hotels and car rental agencies require the Card to have an available balance that is 15-20% greater than the purchase amount to ensure there are sufficient funds to pay for the final anticipated amount of the purchase (for tips, service charges, incidental expenses, etc.). This is a standard practice for merchants who accept Visa Prepaid cards. In all cases, only the actual amount spent will be deducted from the Card. However, if you do not have enough funds on the Card to cover the extra 15-20% your Card could be declined.

You can check the balance of your Card by logging into your account on this site, by calling Cardholder Services at 1-844-893-6622, or by making a request at any participating Co-op or subsidiary location.

Does my Spirit Prepaid Reloadable Visa Primary Card have an expiration date? [\[Back to top\]](#)

Yes, an expiry date is required on all Prepaid Visa cards. The expiration date is printed on the front of your Card and is shown as the “Good thru”. The Card will expire at the end of the expiration month.

How do I contact Cardholder Services? [\[Back to top\]](#)

To contact Cardholder Services, call 1-844-893-6622. For your convenience this number is also printed on the back of your Card.

What will happen when my Spirit Prepaid Reloadable Visa Primary Card expires? [\[Back to top\]](#)

You can load and use your Card up until the “Good thru” (expiry date) printed on the front of the Card. Approximately 45 days before the Good thru date, a new Card will be mailed to the mailing address you provided as long as there is money on your Card and your account is in good standing. When you receive your new Card you must call Cardholder Services to activate it and then destroy the old one. If you do not receive your Card in the mail, and your Card has already expired, you will need to visit your local participating Co-op or subsidiary location for a replacement Card (subject to fees, please see the [Cardholder Agreement](#)).

What happens if my Spirit Prepaid Reloadable Visa Primary Card is lost or stolen? [\[Back to top\]](#)

Lost and stolen Cards must be reported immediately either at your local participating Co-op or subsidiary location, or by contacting Cardholder Services at 1-844-893-6622 and providing your Card number and other information as requested.

Subject to our verification, a replacement Card will be issued and any available balance will be transferred to the new Card, less a replacement fee (see the [Cardholder Agreement](#) and provided to you with your Card for fees). As long as the lost or stolen Card has been reported immediately, you will not be responsible for any unauthorized charges thereafter.

Your local participating Co-op or subsidiary location can issue you a new Card right away, or if you choose to call Cardholder Services, your Card will be mailed to you, which can take approximately 10-20 business days. In both options you must have enough balance on your Card to cover the replacement Card fee or you will be asked to load your Card first to cover the fee.

How do I dispute a transaction on my Spirit Prepaid Reloadable Visa Primary Card? [\[Back to top\]](#)

You should first dispute charges with the merchant. If your dispute is not resolved, then log into your account at www.SpiritCard.ca to access a dispute form (found under Account Activities), or contact Cardholder Services at 1-844-893-6622.

How do I cancel my Spirit Prepaid Reloadable Visa Primary Card? [\[Back to top\]](#)

I have exceeded the number of attempts to answer my Identification Questions and am now locked out.

How do I get access to the site again? [\[Back to top\]](#)

If you have incorrectly answered your identification questions and your online account has been locked or you require assistance, please contact Cardholder Services at 1-844-893-6622.

What are Identification Questions? [\[Back to top\]](#)

Identification questions are questions selected by you from a list of available options with unique answers that only you are supposed to know. This enhanced login process helps prevent online fraud and phishing, a type of online deception designed to steal personal information such as card numbers, passwords or other account information. The feature asks you to verify your identity to prevent unauthorized use of your personal financial information.

When will I need to answer Identification Questions? [\[Back to top\]](#)

When you first set up to your online account, you will need to update your profile by answering a minimum of four questions from a list of available options with unique answers that only you are supposed to know. You will only be asked to answer two randomly selected security questions to confirm your identity when you log in to this site from another computer or smart phone. Once you update your profile, there will be no change to ongoing access from your regular computer as it recognizes you and does not require you to answer identification questions. In the future, when you log in to your online account from a computer that you normally do not use – like a computer in a library, internet café or if you have deleted your cookies, you will need to answer the identification questions to confirm your identity.

I have previously logged into my account with this computer. Why am I being asked to answer my Identification Questions? [\[Back to top\]](#)

Your computer is recognized with what is known as a “cookie”. If you have cleared your browser cookies recently or you are using a different browser on your regular computer, you will be prompted to answer the identification questions again.

I have successfully logged into my online account so why am I being asked to verify the answers to my Identification Questions? [\[Back to top\]](#)

Every 90 days, you may be prompted to verify the answers to your identification questions to check that your answers are still valid. This will also allow you the opportunity to modify your answers in case they have changed over time.

Will my Identification Questions and Answers be used for anything other than the login process? [\[Back to top\]](#)

Your Identification Questions and Answers will not be used for any purpose other than to authenticate you for your online account access and to verify your identity. We will not share this information with any third party except for the purpose of confirming and investigating a security violation.

How can I make changes or add more answers to the Identification Questions? [\[Back to top\]](#)

For any assistance with your identification questions, please contact Cardholder Services at 1-844-893-6622.
